## New Canadians Featured on Interesting Program

An interesting program was given Saturday evening November 26th in the Raymond Opera house, sponsored by the Raymond Schools and Library in an effort to bring out the talents of our New Canadians.

After the opening song "O Canada," led by committee member Mr. Gerald Gibb Mr. Melvin King acted as master of ceremonies for the following numbers — A pantomime "Davy Crockett" with 40 school children under the direction of Jane McMullin. Double mixed quartet, in farmer costumes sang a song. Two accordion solos by Michael Pilecki, a new Canadian who has been here but a short time. Gregory Strong whose ancestors sailed the seas, sang an English Sea Chanty. Helga Milner, born in Germany, sang two in her native tongue. Mrs. T. Takahashi sang a song with one verse in Japanese and one in English. Following this Aiko Takahashi presented an accordion solo. A ballet, directed by J. McMullen, The Princess Who Never Smiled, based on a fairy story Grant Ericson played two trombone solos. "Old Man River" sung by Kay Salmon. "I Love You Canada" was sung by Sandra Dahl. The singing of "O Canada" brought the program to a close.

Tickets for this event were sold by the classes of Mrs. Rulon Dahl and Miss Verla Smith, with the prize of a free ticket going to each student of Mrs. Dahl's class for the highest number of tickets sold.

While receipts for this program were below last year total, the committee is well pleased with results and the proceeds will go to purchase school books for Grades 5 and 6.

A party held annually to celebrate the United States Thanksgiving, was given by Mr. and Mrs. Frank Taylor when they feted 24 guests at the traditional Thanksgiving Dinner.

The rooms were tastefully decorated in the subdued colors of brown and gold while the table was beautiful with gleaming silver and damask and gay with autumn flowers and bright turkey place cards.

After dinner the game of "Rook" was played with high scores going to President J.O. Hicken and Viola Wing. The consolation prizes were won by Jane Brewerton and T. George Wood.

## Mr. and Mrs. W. Zobell

Pictured above are Mr. and Mrs. Walter Zobell, who celebrated their Golden Wedding Anniversary in early September.

This is an account of the trip to various United States points, of Mr. and Mrs. Walter H. Zobell and their son and daughter-in-law, Bob and Joanne.

We were South-bound on a trip, more as a duty visit than a pleasure trip.

We visited a nephew in Butte, Delos Zobell who is a soil conservationist working for the U.S. Department of Agriculture. We stayed over night here, took in some of the interesting sights and also learned much about the richest hill on earth on which the city of Butte stands. Thousands miles of tunnels intersect the depths below.

We were reluctant to leave but an urge to get to our destination impelled us on so we took our leave and drove to Idaho Falls. Here we visited my 85-year young sister, Mrs. Clinger. It was a gala meeting that lasted in

## Touring The Town With Amy

— Amy Campbell

At this joyous season, people of Raymond, let our hearts be filled with joy, our voices merry, our deeds thoughtful and our eyes and ears alert for the Christmas bargains in our hometown stores. Just see what we saw uptown for example.

Christmas memories will last forever if you capture those joyous moments in pictures. Fromms have excellent photographic equipment - cameras of every type and price range, flash bulbs, films - all you need, to do your own picture taking. You'll know the value of it in later years.

Can't you just see mother's eyes light up Christmas morning when she unwraps her gifts and finds among them - a G. E. Automatic Frying Pan? She realizes the essentiality of a frypan like this for success. Just set the temperature control knob and the frypan will come up to and maintain the required temperature automatically. Food can be pan-fried, pan-broiled, braised or steamed, even cakes can be baked without heating up the kitchen. Let the Merc. clerks show you these and even more features.

Boys and girls from ages 4 to 15, here's something especially for you. The thrill of sending and receiving secret code messages and automatically decoding them can be yours, with the Remco Electronic Radio Set in Stones. You and your pal can learn

## School Report

School days, school days, good old golden rule days. And now that the basketball season has started, even the male species of the good old RHS think so. To prove that we are still the best two teams in sunny southern Alberta, on Saturday, November 26, the Mustangs defeated the Stirling MIA team 55 to 45, while the Comets trounced the Medicine Hat team 60 to 30.

The first game, being very close all the way, roused the fans to a near-riot stage. Unless Stirling is the 2nd best team in the league, our boys still have quite a chore on their hands to overcome their opposition.

Our A team boys did a very fine job in their first combat. We only hope that they keep up their good work. When the Comets win, not only are they happy, but Mr. Jacobs is in such a good mood for the rest of the (continued on page four)

Providing strong evidence of the widespread participation of its branches in the development of Canadian business from coast to coast, the Bank of Montreal reports the highest figures in its history for loans deposits and investments for the 12 months ended October 31 last. Resources have increased by a quarter-of-a-billion dollars to the unprecedented figure of \$2,796,000,000, according to the 138th annual statement issued this week by B of M manager Dan Purcell.

Maintaining its traditionally strong liquid position, the B of M reported quick assets of \$1,730 million, which is equal to 65 percent of all its public liabilities.

Contributing heavily to this position is the large investment portfolio, valued at \$1,214 million which — notwithstanding the enlarged demand for credit — shows an increase of \$44 million over the total for investments a year ago.

### One Billion in Loans

The very substantial increase in loans is noteworthy, in as much as total advances have now passed the billion-dollar mark. Commercial and other loans rose \$134 million and mortgage loans under the NHA were up from 10 to 51 million dollars, while call loans, reflecting lessening activity in the securities market, showed a decline of \$21 million. As a whole, loans rose \$154 million to a total of \$1,057,444,000.

Most notable of the increases in the items making up the balance-sheet is the rise in deposits to \$2,591 million, up from \$2,265 million a year ago.

With the completion during the year of subscriptions to the new issue of the bank's capital to a paid-up total of \$45 million, the amount of the shareholder's equity has again shown substantial enlargement, running now to \$139,134,215. This is made up of the rest fund of \$92 million and undivided profits of \$2,134,215, in addition to the paid-up capital of \$45 million.

### Increase in Earnings

After providing for taxes of \$7,043,000 the B of M reports earnings of \$8,042,146 for 1955, compared with \$7,344,274 a year ago.

From this shareholders received \$6,521,346 — half-a-million dollars less than the bank is paying in taxes. Total payments to shareholders in 1955 ran to \$1.45 per share, compared with \$1.40 a year ago.

Profits after dividend payments amount to \$1,520,800 which, added to the balance of undivided profits from 1954, brings the total to \$1,134,215. From this, \$2,000,000 has been transferred to rest account, leaving a balance of undivided profits of \$2,134,215.

## at the Facts behind the Figures

No doubt about it, we Canadians have, on the whole, had a good year in 1955. And, although you may not think of it, the facts show that you personally played a useful role in helping Canada reach its great height of prosperity during the past year.

For it is *your* money, together with the savings of millions of other Canadians across the country, that helps turn the wheels of our industries and our commerce. The B of M puts your savings to work, in the form of loans and investments, so that Canadian enterprise can have the day-to-day financing it needs to build, to employ, and to produce. Only with such financial assistance are Canadians able to enjoy the benefits of a high standard of living.

Clearly, the facts behind the figures in the B of M's 1955 annual report show that the dollars you save work hard and long to secure not only your own future, but also the future of our nation...

### THE MONEY YOU DEPOSIT:

At the end of the Bank's year, October 31, 1955, over two million Canadians had on deposit at the B of M the sum of \$2,591,326,311 — the highest year-end total on record. Although much of this money belongs to institutions and business firms, more than half of these deposits represent the personal savings of Canadians in every walk of life... savings that are bringing benefits to you and to Canada.

### THE MONEY WE LEND:

The money you save at the B of M is helping to ensure our country's expansion and progress — in the form of loans to Canadian farmers, miners, fishermen, oil men, lumbermen and ranchers; to industrial and business enterprises; to Provincial and Municipal Governments; and to salaried people

in all walks of life. As of October 31, B of M loans totalled \$1,057,444,001 — the highest in the Bank's history. In untold ways, these dollars are contributing dynamically to the maintenance and improvement of our standard of living.

### THE MONEY WE INVEST:

At the close of the year, the B of M had \$975,361,319 invested in high-grade government bonds and other public securities which have a ready market. This money is helping to finance government projects for the betterment of the country and the welfare of Canadians at large. Other securities held by the Bank — which include a diversified list of high-quality short-term industrial issues — bring total investments to \$1,214,559,875.

My bank has just completed its 138th year with resources amounting to \$2,796,174,064 — the highest figure in its history.

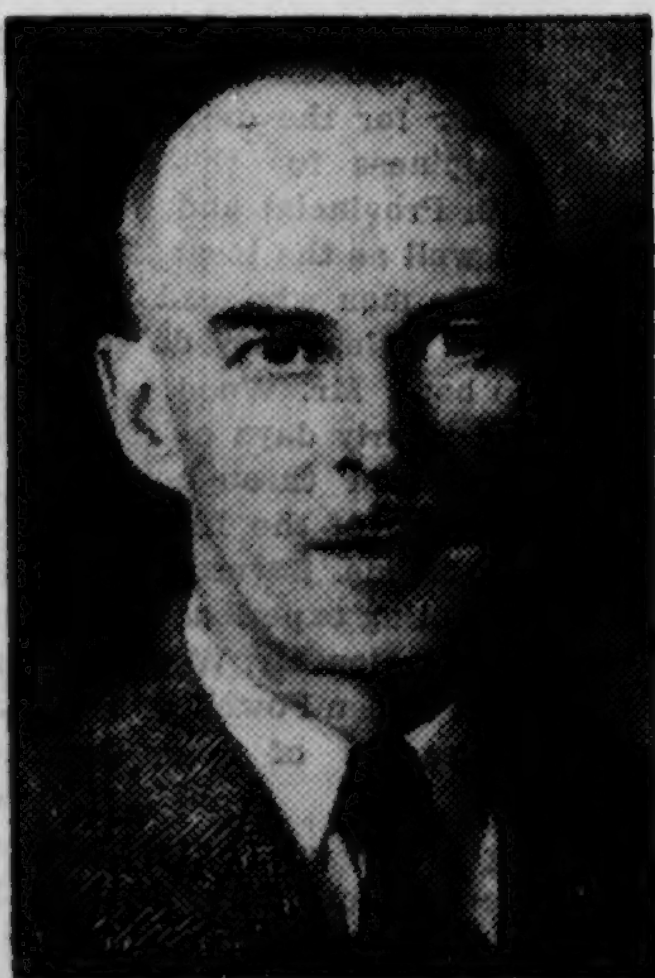

The B of M's growth is part of the growth of this community and of all Canada, and I am

proud of the part my customers have in this story of progress.

week that everyone is actually glad to come to school.

There have been ten players chosen for the team by Mr. Jacobs, they are: Jess Gibb, who played for the triumphant A team of last year.

David Galbraith, one of our hard-driving guards.

Jerome Stettar, famous for his hook-shot.

Jim Walker, another of the fast-moving guards.

Ross Harker, one of the former B team heroes.

Jim Vance, shoots an effective jump shot.

Roger Kirkham, has a good set shot.

Ron Minion, speed is his main asset.

Wayne Tollestrup, good at jump shots. Because of an appendectomy of late, Wayne will be unable to participate in the league for quite some time.

We all wish to express our sympathy and appreciation to him. (Boy, what some people won't do just to get out of school.)

Little Jennifer Jones recently had an especially nice day when her mother, Nonavie Jones, entertained about twenty young guests on her 6th birthday. The children all enjoyed the playing of games. The beautifully decorated and candied birthday cake was the highlight of the delicious lunch which was served.

About ten ladies met recently for a friendly afternoon at the home of Jennie Hously when they quilted a quilt for Mary Thompson. When the work was completed they were served a lovely lunch by Mary.

## HOW... DOES A STRONG FINANCIAL SERVICE *Sell Groceries?*

The rural grocer is a little like the general practitioner—he cannot narrow his business down to specialization. His customers rely on him to provide them with a wide range of necessities. To do this, he needs the services of a strong financial institution, such as the Provincial Treasury Branches. Drafts, loans, current accounts, money orders, safety deposit boxes are just some of the many conveniences of our organization. By working in close partnership and co-operation with

the local Provincial Treasury Branch, the rural grocer can better serve his customers, which will naturally increase his profits. Today as never before, rural families are making more and SPENDING MORE. For the grocer, it is a healthy market with plenty of buying power. The Provincial Treasury Branches are ready and able to help the rural merchants of Alberta service their customers efficiently and profitably.

Bishop Peterson extended greetings and welcomed all, including out-of-town visitors, Millie Peterson of Taber Viola Shumers of Ottawa, Mr. and Mrs. Melvin Foote of Orton, John and Marie Thompson of Raymond, the Misses Lee, Smith and Norton.

During dinner Coach John Wolsey brought in the welcome news that our Basketball boys had won over L.C.I. with a score of 33-25. Following the dinner an interesting program sponsored by the M.I.A. with Elmer Wilde as M.C., was held. A solo by Jean Mehew Christensen was given followed by a piano duet by Shaune Nelson and Mary Lou Wilde. Skit by John and Carol Wolsey and an accordion solo by Robert Harris. A Broadcast from "W-F-B-W" signing off after twenty-six years of continued service. This was ably done by Lois Nelson paying tribute to the special guests. Then each were presented with an Onyx desk pen holder inscribed with number of years of service, and each of their wives a beautiful rose-bud Corage.

The credit for the dinner should go to Naida Pilling and Athea Peterson, Julia Bullock, Mollie Wilde, and Betty Wilde. We must not forget to mention the children, they were served hot dinners at noon, and they had lots of fun participating in a Ward Party.

T.W. Meldrum is attending the Social Credit Convention in Calgary this week. Mr. Gary Clawson who is going to the B.Y.U. in Provo, Utah recently spent a week-end at home in Stirling.

MR. AND MRS. ZOBELL  
(continued from front page)

to the wee hours of the morning as there was much to talk about. In this case the weaker sex held the floor so we didn't get much opportunity to tell about good Alberta.

Our next call was at Rexburg, Idaho where we stayed over night with our sister-in-law Mrs. Stella Zobell and had a very enjoyable evening, some good deer meat and a lot that goes with it. Here too we just had to say "hello and good-bye".

The next leg of the journey was to Brigham where we spent a very pleasant evening with my brother, Albert.

Morning came and we were wanting to be on our way but low! and behold — the city was snowed under about a foot of snow. So we had to wait for the snow-plows.

We finally braved the trip to Salt Lake where we visited a sister of Mrs. Zobell, the mother of N. L. Mitchell and her daughter, Lenora, who had just returned from a trip to Europe. She had gone with the Tabernacle Choir. As she told of her trip a full hour was enjoyed listening to the events that happened.

Zion was surely snowed under and the icy roads made it hazardous to travel but on we went to Provo and Springville. Here we got into a real celebration as Aunt Kate Zobell had the whole gang together and did we have fun, forgetting what was going on outside, what with freezing up cars and half of them having to be pulled to get them going. We fell into that class

We also visited another nephew, Albert L. Zobell Jr. who is Research Editor for the Improvement Era and writes articles for various church publications, one of which is in the November Improvement Era entitled "The London Temple". He is the author of several books, two of which are entitled "Minute Sermons" and "Under the Mid-Night Sun".

In Orem, Utah we visited the Finney Terry family who formerly lived in Raymond.

Now we felt we had made our many calls so we started back for home. It was cold all the way up to Great Falls. So we found out, the grass isn't greener on the other side of the river but all things considered it was a lovely trip.
